CAPABILITIES STATEMENT

JONES ROBB, PLLC is a **boutique patent law firm** founded in 2007 and located in the Washington, D.C. metro area. We are Women's Business Enterprise (WBE) certified by the Women's Business Enterprise National Council (WBENC) and have been awarded this certification every year since 2010. All of our attorneys are registered to practice before the U.S. Patent and Trademark Office, and many have decades of patent legal experience, including in large law firms, in Fortune 500 legal departments, and/or as former patent examiners. Our attorneys' broad and diverse technical experience encompasses a vast array of disciplines, allowing us to provide patent legal services in a variety of fields including:

biomedical engineering	-	business methods	-	displays and optics	-	food sciences
chemical engineering	-	financial technology	-	industrial design	-	life sciences
electrical engineering	-	software/data processing	-	packaging	-	materials science
mechanical engineering	-	telecommunications	-	physical chemistry	-	textiles

Our legal services also are wide-ranging and include domestic and international patent preparation and prosecution; global patent portfolio development with a view to strategic enforcement; post-grant proceedings; freedom-to-operate opinions; patentability, validity, enforceability, and infringement opinions; due diligence investigations; and licensing.

➤ **A Customized, Value-Added Partnership**

Our attorneys offer the quality and experience generally found in Big Law, but our smaller size allows us flexibility to customize our services. We work closely with each client to understand the business purpose and desired scope of each project, and tailor our approach to meet agreed-upon expectations. Our team includes former USPTO examiners and patent practitioners with decades of practice in patent portfolio development and strategic patent counseling. This depth of knowledge provides us with a unique perspective and ability to streamline the patent process and to develop robust patent strategies, resulting in successful outcomes for our clients.

➤ **Billing Certainty**

We offer reasonable and predictable billing, including both fixed-fee, capped budget, staged, and hourly billing options. Mutually agreed-upon service fees give clients the security of predictable costs and the advantage of reliable budgeting. Requests for fee/budget proposals are welcome.

➤ **Technology and Process-Driven**

We leverage technology, automation, and workflow processes that reduce costs to our clients and ensure quality in our work product. Automation is key to areas such as docketing and form assembly, as well as saving time on repeatable tasks and allowing attorneys to concentrate on substantive strategies and issues.

➤ **Commitment to Diversity**

Our commitment to diversity extends beyond our ownership and management. We are dedicated to hiring and retaining high-quality personnel while maintaining a diverse workforce. We also strive to foster relationships with both suppliers and clients that share our values when it comes to diversity.
