

Culture & IP: *Analogs to Intellectual Property in Different Cultures*

Join C-IP² on

**Thursday, April 27,
& Friday, April 28, 2023**

for an **Academic Conference**

Virtual | Hosted Online Via Zoom

Registration and timing details coming soon

Cultures influence the development of Intellectual Property (IP) systems, and IP systems influence how cultures develop. This conference will focus on that interplay through the lens of analogs to IP in various cultures and will bring together scholars from around the globe to discuss how and whether IP systems and their analogs co-exist, influence, and inform each other.
