MODULE I: OVERVIEW OF INTELLECTUAL PROPERTY

10:00 – 11:15 am

Session 1: Overview and Economics of Intellectual Property

Speaker:

Prof. Jonathan Barnett, University of Southern California, Gould School of Law ([bio](#))

Session Description: This session will give a brief overview of the law and economics of patents. It will cover the value of patents and why they matter for companies across different technological areas.

11:15 am – 12:15 pm

Long Lunch Break – *the main Zoom link will remain open for students to network*

12:15 – 1:45 pm

Session 2: Panel: The Role of IP Institutions in the Global IP System

Panelists:

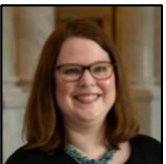

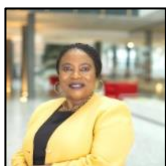

Martha Chikowore, WIPO ([bio](#))

Tarek Fahmy, U.S. Department of State ([bio](#))

Emily Lanza, Office of Policy and International Affairs, U.S. Copyright Office ([bio](#))

Andy Toole, PhD, U.S. Patent & Trademark Office ([bio](#))

Moderator: Joshua Kresh, C-IP² ([bio](#))

Panel Description: This panel will discuss the key players in the global IP system. Panelists will consider the role of key stakeholders, including national IP offices and other governmental agencies, WIPO, the WTO, various multilateral organizations, and NGOs. The panel will consider past accomplishments and remaining challenges for these institutions to foster a vibrant and reliable global intellectual property system.

1:45 – 2:00 pm

Short Break

2:00 – 3:15 pm

Session 3: Fundamentals of U.S. Patent Law

Speaker: Prof. Kristen Jakobsen Osenga,
University of Richmond School of Law ([bio](#))

Session Description: This session will provide an overview of main elements of patent law. It can and should cover key cases, but we have separate sessions on prosecution and litigation, so it will not cover cases that are specific to those areas.

3:15 – 3:30 pm

Complete Today’s Required Day 1 Evaluations:

MODULE II: PATENTS

9:00 – 10:15 am

Session 4: Establishing Rights: U.S. Patent Prosecution

Speaker: Prof. Dale Lazar, George Mason University,
Antonin Scalia Law School ([bio](#))

Session Description: This session will focus on U.S. patent prosecution. It will focus on cases relevant to patent prosecution (drafting patent applications and responding to actions from the USPTO).

10:15 – 10:30 am

Short Break

10:30 – 11:45 am

Session 5: Enforcing Rights: U.S. Patent Litigation

Speakers: The Hon. Judge Susan Braden (Ret.) ([bio](#))
Joshua Kresh, C-IP² ([bio](#))

Session Description: This session will go through stages of patent litigation. It will focus on the steps involved in patent litigation, from both the plaintiff and defendant, with practice tips from a litigator, and a judge’s point of view.

11:45 am – 12:45 pm

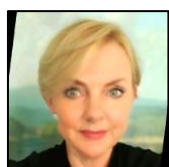

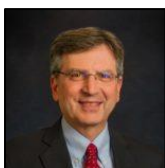

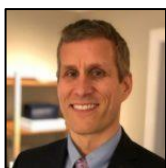

Long Lunch Break – *the main Zoom link will remain open for students to network*

12:45 – 2:15 pm

Session 6: Panel: Patents in the Innovation Industries

Panelists: John Kolakowski, Nokia ([bio](#))
David Korn, PhRMA ([bio](#))
Laurie Self, Qualcomm ([bio](#))
Hans Sauer, BIO ([bio](#))

Moderator: Joshua Kresh, C-IP² ([bio](#))

Panel Description: This panel of innovators and representatives from firms in the innovation industries will discuss the key role of patents in promoting, securing, and facilitating innovative products and services sold to consumers around the globe. Panelists will detail their work in cutting-edge sectors of the innovation economy, such as in the high-tech and bio-pharmaceutical industries. They will also discuss the challenges they face in securing legal protection in the marketplace and in defending themselves against infringement. The panel will highlight how secure and effective patent rights are essential to investing in research and development and how uncertainties in patent law are threatening future innovation.

2:15 – 2:30 pm Short Break

2:30 – 4:00 pm Session 7: Simulation Exercise: Patent Litigation
Speaker: Naveen Modi, Paul Hastings ([bio](#))

Session Description: This session will offer a real-world experience of U.S. patent litigation to help students understand the process. Students will break into teams and work on a proposed patent litigation project, with time for teams to present and respond to each other and to feedback from an experienced litigator.

4:00 – 4:15 pm Complete Today's Required Day 2 Evaluations:
<https://www.surveymonkey.com/r/2024cip2day2> *Respondents can change their answers on any survey page until they complete or exit the survey.

WEDNESDAY, JUNE 5, 2024

MODULE II: PATENTS (cont'd)

9:00 – 10:15 am Session 8: The Real-World Value of Patents
Speaker: Christopher M. Arena, BakerHostetler ([bio](#))

Session Description: This session will focus on the real-world value of patents across different industries, why companies should (or should not) consider patents, and where patents are considered most and least valuable. In the United States, certain inventions are easier to patent, and some patents are easier to challenge. This session will go over considerations companies should make as to where to focus efforts on patents.

10:15 – 10:30 am Short Break

10:30 – 11:45 am Session 9: Monetizing Patents through Licensing
Speaker: John Dubiansky, Dolby ([bio](#))

Session Description: There are multiple ways that a company can obtain value through Patents. This session will focus on patent licensing and its relevance for the economy.

11:45 am – 12:45 pm Long Lunch Break – *the main Zoom link will remain open for students to network*

12:45 – 2:00 pm Session 10: Design Patents

Speaker: Chris Katopis, ABA, IPL Copyright Committee ([bio](#))

Session Description: This panel will cover U.S. design patents.

Speakers: The Hon. Paul R. Michel (Former Chief Judge) ([bio](#))
Joshua Kresh, C-IP² ([bio](#))

Session Description: Join C-IP² Interim Executive Director Joshua Kresh and Retired Chief Judge of the Federal Circuit Paul Michel for a discussion of the US Patent system, what we are doing right, what other countries can learn from us, where we have room for improvement, and practice tips.

3:30 – 3:45 pm

Complete Today's Required Day 3 Evaluations:

<https://www.surveymonkey.com/r/2024cip2day3> *Respondents can change their answers on any survey page until they complete or exit the survey.

THURSDAY, JUNE 6, 2024

MODULE II: PATENTS (cont'd)

9:00 – 10:15 am

Session 12: The Patent Cooperation Treaty (PCT): Tool for Global Patent Prosecution

Speaker: Matthew Bryan, WIPO ([bio](#))

Session Description: This session will review the Patent Cooperation Treaty (PCT), which assists applicants in seeking patent protection internationally for their inventions, helps patent offices with their patent granting decisions, and facilitates public access to a wealth of technical information relating to those inventions. By filing one international patent application under the PCT, applicants can simultaneously seek protection for an invention in many countries.

10:15 – 10:30 am Short Break

MODULE III: SPECIAL INNOVATION LAW

10:30 – 11:45 am Session 13: IP Issues in Life Sciences R&D and Commercialization
Speaker: Prof. Emily Michiko Morris, Akron Law ([bio](#))

Session Description: This panel will focus on intellectual property issues in the field of life sciences. Patents, regulatory exclusivities, trade secrets, and other areas may also be discussed. The focus will be on how major areas of patent law are applied in life sciences, with a discussion of patent eligibility, enablement, and written description, along with specific considerations for trade secrets and regulatory exclusivities that can provide protection to life sciences innovation.

11:45 am – 12:15 pm Short Lunch Break – *the main Zoom link will remain open for students to network*

12:15 – 1:45 pm Session 14: Simulation Exercise: Transfer of Technology and Licensing
Speaker: David Grossman, Office of Technology Transfer,
George Mason University ([bio](#))

Session Description: This session will go over technology transfer and how universities work with companies to bring inventions to market. It will provide an opportunity for students to think about how a university might consider which inventions to promote, how to pick companies to work with, and how to structure deals to benefit the university, the public, and the company they are working with.

1:45 – 2:00 pm Short Break

MODULE IV: TRADE SECRETS

2:00 – 3:15 pm Session 15: Fundamentals of Trade Secrets
Speaker: Prof. Mark Schultz, University of Akron School of Law ([bio](#))

Session Description: This session will introduce trade secrets and provide the fundamentals of this area of the law. Trade secrets are different from other IP rights in that they are not registered with the government, and they can be indefinite so long as they are kept secret. This session will introduce the law, what can be covered by a trade secret, and what is required to protect one.

3:15 – 3:30 pm Complete Today's Required 4 Evaluations:
<https://www.surveymonkey.com/r/2024cip2day4> *Respondents can change their answers on any survey page until they complete or exit the survey.

FRIDAY, JUNE 7, 2024

MODULE IV: TRADE SECRETS (cont.).

9:00 – 10:15 am

Session 16: Real-World Value of Trade Secrets in a Global Innovation Economy

Speaker: Prof. Mark Schultz, University of Akron School of Law ([bio](#))

Session Description: This session will focus on the value of trade secrets, both to the companies who keep them and to the economy overall, what can a company do with a trade secret, and why might a company want a trade secret versus a patent.

10:15 – 10:30 am

Short Break

10:30 am – 12:00 pm

Session 17: Simulation Exercise: Best Practices for Protecting Trade Secrets

Speaker: Prof. Mark Schultz, University of Akron School of Law ([bio](#))

Session Description: This session will provide an opportunity for students to use what they have learned in the prior sessions to act as a trade secret attorney and think about a problem that such an attorney might work on.

12:00 – 1:00 pm

Long Lunch Break – *the main Zoom link will remain open for students to network*

1:00 – 2:30 pm

Session 18: Panel: Trade Secrets in Global Business

Panelists: Kerri Braun, Cisco ([bio](#))
Victoria (Vicki) Cundiff, University of Pennsylvania Carey Law School ([bio](#))
Dean Harts, 3M ([bio](#))
James (Jim) Pooley, James Pooley, PLC (former Deputy Director General, WIPO) ([bio](#))

Moderator: Prof. Mark Schultz, University of Akron School of Law ([bio](#))

Panel Description: The panel will discuss the role of trade secrets in promoting and securing new technological and commercial innovation in the global economy. Industry representatives will discuss the key role that trade secrets serve in their companies' operations and how effective protection is essential to flourishing societies and economic growth. The panel will explore recent developments in U.S. domestic (DTSA) and international trade secret law and discuss the challenges that must be overcome to develop shared standards and build a secure global trade secret protection network.

2:30 – 2:45 pm

Complete Today's Required Day 5 Evaluations:

1:00 – 2:30 pm

Session 25: Co-Hosted Panel: Adapting the Law to Major Technological Shifts: Lessons from History Applied to Current AI Challenges

Opening Historical Perspective: Arthur Daemmrich, ASU CSPO ([bio](#))
Panelists: Rama G. Elleru, Special Competitive Studies Project ([bio](#))
David J. Kappos, Cravath, Swaine & Moore LLP ([bio](#))
Amy Semet, University at Buffalo School of Law ([bio](#))
Saurabh Vishnubhakat, Benjamin N. Cardozo School of Law ([bio](#))
Moderator: Joshua Kresh, C-IP² ([bio](#))

Panel Description: Technology moves quickly, while the law is often slow to adjust. This panel will look at how the law has adapted to past changes in platform technologies and what lessons can be applied to Artificial Intelligence. New platforms create many potential challenges: Some are variants of older issues and may already have laws in place (or that need slight modifications), while others are new challenges that may require new solutions. We will explore both types of issues, with a focus on how the law can spur, or slow, innovation.
